**Subject:** Comments on the brochure for 3/4 and 3/5 research

Margot,

I had the opportunity to talk to Roger about the brochure for the SCoR research. I realize you may not need this as immediately as originally thought - but you may want to consider these suggestions for your discussions with outside counsel. Please call if you have questions and I will try to explain better. These comments (see attachment) represent a compilation of thoughts by Roger, George and myself. Thanks.

Debbie
